Re: Clean-up and Abatement Order (CAO) for the Rubicon Trail

Dear Ms. Creedon,

Please continue to support the seasonal wet closure of the Rubicon Trail to motorized use. It is abominable that a few specialty users of high end motorized vehicles could damage and destroy not only an important watershed, but also the natural resources for this generation, and for generations to come.

PLEASE continue to do the right thing by protecting our natural resources. Do not let a few ruin what belongs to all of us.

Sincerely,

Gail Ferrell
Snowlands Network
